## LifeMusic Private Instruction

**Your Success is our Success**

# Where do you want to go?

Where do you want to go? Have you ever played an instrument for a while then find

you run out of steam? Or just lose the inspiration to go on practicing? Or perhaps you are an artist and want to record an album but are discouraged with all the details. We have all experienced this at one time or another. It's called "Hitting a Wall".

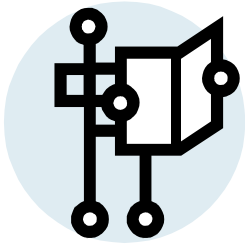

We can sometimes lose motivation to achieve a goal due to results not being seen. We need to be motivated to keep honing our skills until we can create what we hear in our heart.

That is what we are committed to doing at LifeMusic. We believe God has made each creative person with great potential and that needs to be exercised like a muscle. Our Instructor's main goal is to inspire and mentor you to a new level.

What is the difference between Mentoring and Teaching?

A **Teacher** is a great resource but at the end of the day is not always personally invested in your progress and tends to be information-oriented.

A **Mentor** is a person who is motivated to be personally involved in your progress. This is some one who wants to walk with you to get to your goal and *already has been there*. We want to mentor you and pour into you so you are encouraged to keep going and tell your story through music and your life.

*We can help you get to where you want to go*

## PRIVATE INSTRUCTION

We also offer private lessons in the Toronto/GTA area either at our Markham/Stouffville studio for Voice/Guitar/Bass or our alternate studio at Bayview/John St. in Thornhill Square mall. Contact us about private lessons and our booking schedule. Here are our Teachers:

### Elaina Gillard - Vocal

A graduate of McMaster University voice program, Elaina has been singing for 10 years and teaches modern vocal technique for all ages. She loves to teach all types of singing including: Opera, Musical Theater, Pop, Jazz, etc..

### Johnny Gillard - Guitar/Bass

A professional musician and teacher for 15 years, Johnny has been training great guitarists and bassists to excel in music full-time. His experience covers all types of music including Jazz, Pop, Rock, Metal, Hardcore, Classical, Theater, Folk, Funk and any other style you can think of. He has published books for the musician and uses

various them and other music methods to help inspire practicing.

## Teaching Philosophy

Our teaching program at LifeMusic is tailor-made for each student and their learning abilities. We feel it is important each person should learn at their own pace, while at the same time adhering to a high level of excellence.

Each student can look forward to performing in our annual recital to demonstrate what they have learned each year.

Give us a call or Email to ask about our rates and other teachers and services. Thank you!
